

## Research Plan Outline

A Complete research Plan is required and must accompany Checklist for Student (1A)

The Research plan for ALL Projects must include this outline.

### A. What is the Question or Problem being addressed?

---

---

---

---

### B. What is your Hypothesis or Engineering goal?

---

---

---

---

### C. Describe in detail the method or procedure you intend to use.

The following are important and key items that should be included when formulating **ANY AND ALL** research plans:

Procedures: Detail all procedures and experimental design to be used for data collection.

Data Analysis: Describe the procedures you will use to analyze the data that answer your research question or hypothesis.

---

---

---

---

### D. Bibliography: List at least five (5) major references form your literature review.

---

---
